ST. MARY'S HIGH SCHOOL

2600 Jack Island Road

Orange, Texas

B. Suire, B. Trahan, M. McKown, G. Eastman, J. Foreman, and T. Wilson, Seniors, watch a ping pong game between J. Romano and K. Blanchard.

The whole of life at St. Mary's is indeed made up of many parts. Within it the students gain mental ability through study, spiritual excellence through prayer, and physical fitness through participation in sports.

Play at St. Mary's consists of activities and sports, both regular and intramural, while work is composed of study and projects, and prayer is exhibited in the functions of Sodality, singing of the choir, and attendance at Mass on Class Mass days.

The whole of St. Mary's Student Body is proud of its parts. Our "spirit," made up of the tangible and intangible is the factor that unites all of our divisions into a unity par excellence.

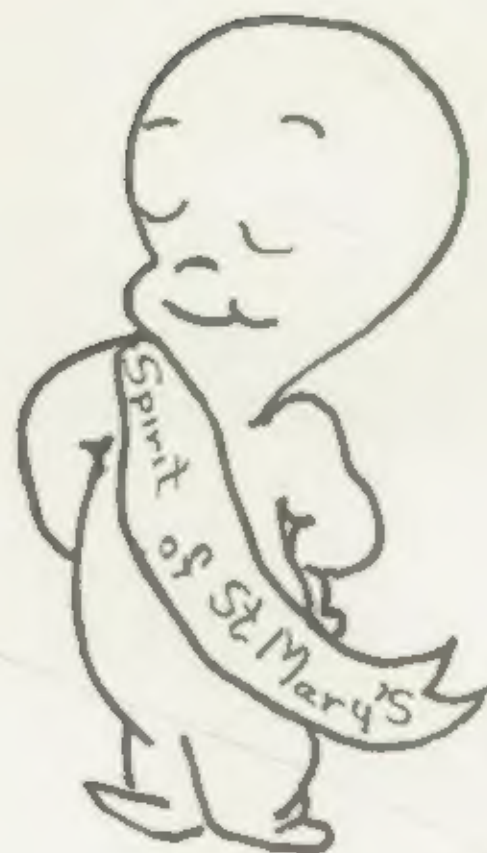

Parts to Make the Whole."

Andy Kelly leads his class in prayer.

Intent on studying, is Cheryl Culp

In 1945, twenty-one years after its founding by Rev. Otto Bauer, St. Mary's added a Freshman grade to teach the class which had just completed the eighth grade. The growth of the parish caused the existing school building to be inadequate. Thus, in 1958, the present high school was constructed on Jack Island Road under the direction of our present pastor, Rev. Joseph Berberich. This year's graduating class is the first to have completed the four years of high school in this new building.

Administration

The faculty forms an important part of life at St. Mary's. Besides teaching the subjects required for success in life, they also guide individual students by showing them their road to happiness, and assist at meetings, by teaching students the proper manner of conducting activities.

Besides being principal of the high school Sister Anne Marie is also a vocational advisor. She is always willing to help anyone and everyone. She is shown here with T. Wilson.

Sr. Anne Marie presents the calendar of events for the month to be discussed by the faculty.

Student Council Links Faculty With Students

Student Body President George Eastman addresses the students over the intercom system.

As a member of both the Texas and National Associations of Student Councils, St. Mary's Student Council provides a means of closer relationship between the faculty and student body. It furnishes an opportunity for the students to voice their opinions concerning school activities and through its projects works for the betterment of the school and an increase of school spirit.

Student Council Helps to Promote School Spirit

These Sophomores seem to be enjoying themselves at the annual Christmas Dance sponsored by the Student Council.

Each class volunteered to do something for the Christmas Dance. The Seniors chose decorations and did a good job, as usual.

In the Student Council elections held in May, Pat Clark was chosen the new student Body President, Edward White was elected Vice President, and Cheryl Culp, Secretary.

Students Vote in Honor System!

In a general election held throughout the school, the students voted to install the Honor System at St. Mary's. Those students who wished to live up completely to the rules and regulations of this system could take the following voluntary pledge.

"I will show honesty and respect in my dealings with faculty, students, and others.

I will respect school property and the property of others.

I will strive to acquit myself of all duties and responsibilities as an honest and honorable student of St. Mary's, and I promise, furthermore, to do my part in seeing that all the students in this school work toward these ends."

These Senior and Junior students have a question period after Mr. Don Weisinger explained the Honor System to them.

Sam Lucia demonstrates his version of a Spanish dance.

The Chemistry class awaits expectantly the

Social life at St. Mary's is developed through active part in class activities. In classes students share their sorrows and joys with one another and learn to work with others to get a common job done.

However the word class also means a place of learning. The students insure their future happiness by gaining the mental knowledge presented to them in the classroom.

Results of an experiment.

Six students studied very hard during the first semester of school and they were justly rewarded. M. Berdson, J. Kelly, D. Braun, P. Dahon, M. Mumbach, and B. Ramke made the honor roll for the entire first half.

St. Mary's Veritas Chapter of the National Honor Society, formed in the spring of 1960, is composed of those students who maintain an 88 scholastic average and possess the qualities of character, leadership, scholarship, and service.

Under the direction of Sister Michael Marie, the Honor Society has sponsored a Spelling Bee, taken care of honor pins, and publicized scholastic achievements.

G. Eastman was very proud of the certificate he received for outstanding performance on the 1961 National Merit Scholarship Test. He was a finalist which is the top 1 % of the nation.

N. Dubois, K. Eastman, P. Dahon, K. Kohlhund, M. Mumbach; (back row) B. Ball, B. Mazzola, and B. Ramke were the recipients of honor pins during the second semester.

Mary Beth and Lesylee await the return of favorite votes.

Claudia and Jo Ann joyfully receive the news

orites

Life is often sweet, often cruel. Many times virtue is rewarded, many times virtue has to be its own reward. To be chosen favorite is an honor. Certainly those selected should be proud. But could there be, perhaps, a person more worthy, someone more deserving of the honor? Goodness is not always returned with goodness and many a person has discovered this lesson the hard way. Winning an honor is always nice but emphasis is placed on the virtues leading to the honor rather than the recognition itself.

The intramural football game keeps the noon

Life is a continuous maze of challenges, a series of endless struggles. In sports students learn to compete with others as they will continue to do for years to come. They also learn the true meaning of fair play, how to subject their wills to another's, and how to win and lose gracefully. Many valuable lessons are learned in sports, which all the teaching in the world could not put across.

The St. Mary's athletics program is growing by leaps and bounds. Plans for building a football stadium, a baseball field, a track, and a combination basketball-tennis court are now in progress. Soon St. Mary's will have a sports program which every student will be able to speak of with pride as "ours."

Lesylee Prejean shyly shows us her dress on 'Kid Day'.

The float highlighted the Christmas

ivities

Life is not all work. "All work and no play makes Jack a dull boy" but there is little reason for any "dull boys" at St. Mary's with so many varied activities to choose from. Play at St. Mary's often exhibits itself in the form of the Christmas dance, the Junior-Senior Prom, the Senior play and many other various activities. There are many bright moments in the school year if one only chooses to look for them.

Football Banquet High

Theresa Dubois and Mary Parham display typical picture of Freshmen during initiation. Initiation lasted one day, but the Seniors could only command the "poor little fish" during recess and noon. However, they made that short time "stretch out long."

M. Parham, L. Blanda, and D. Mathews cooperate with Senior whims.

Cheerleaders put on a paladin skit to arouse the spirit and excitement over the Hornets first game. They are N. Dubois, B. Herm, J. A. Siegel, and C. Duhon.

lights September Activities

Mr. and Mrs. Riedmueller, Mr. and Mrs. E. Verrett and Mr. and Mrs. E. Verrett enjoyed the Football banquet's chicken dinner

Many things stirred the interests of the student body during September. They were proud first of the good sportsmanship displayed by their new Freshmen during Orientation. Then they were filled with the enthusiasm that radiated from their cheerleaders during pep rallies. The culminating event in which everyone participated was the grand kickoff Banquet held in the auditorium.

Coach Ted Jefferies, head coach of Stark High, gave an enlightening talk of improvements in football equipment for the safety of our boys.

Decorations of banquet showed true spirit of students.

September Marks Beginning of Senior Activities

Father Joe presents rings to Kenny Blanchard, JoAnn Blanda and Fay Broomes.

The long awaited ceremony of receiving the class rings was greeted happily by the seniors. After the blessing and presentation by Father Joe, they enjoyed a hearty breakfast given by their mothers in the home-making room of the school.

Proud seniors display rings.

Happiness and pride was prominent, for their team had been victorious over Hackberry 26 to 6 at West Orange Stadium, and the new queen, Norma Dubois, was crowned.

The bonfire blazed on as the spirit of St. Mary's caught fire from the glow.

Ray Broomes, Wesley Monevham, Charles Duchamp, Johnny Herman, Tommy Tindall, and Lawrence Lucia join in the general awe of the student body at the bonfire.

A retreat is a time of recollection and prayer which gives students a chance to better themselves through the guidance of the retreat master. Our retreat was given on February 22 and 23 by Father Albert Coburn.

Father Coburn gave a helpful as well as interesting retreat.

Between conferences C. Armstrong, R. Cambell, D. Barron, R. Leguon, T. Ewing, F. Anderson, A. Broussard, and E. White spent their time spiritual reading as did the other students.

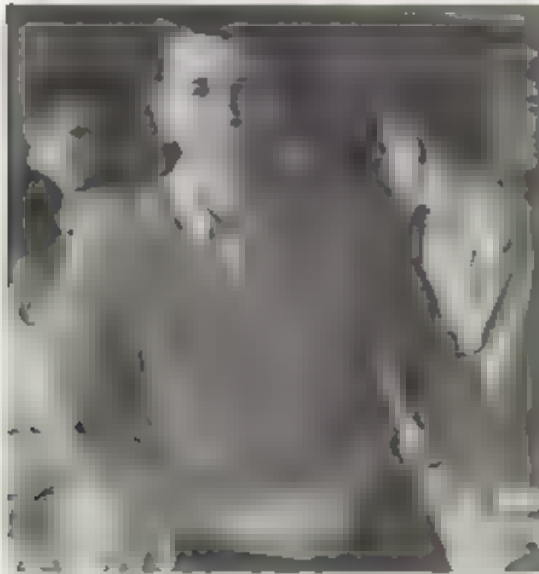

Father Coburn closed retreat with Benediction and the Papal Blessing assisted by T. Riedmiller, F. Anderson, D. Perea, and K. Lauzon.

Favored to win this and every lifetime, is the product of Wisdom High, Foresight. Wisdom always starts their team early in life and teaches them to look forward at all times.

Hindsight is the underdog but has many more members because it seems so easy to make the team . . . no practice, no discipline, but no victories either.
